

In today's post-pandemic world, it's imperative for congregations to take the gospel message to the people. Our comprehensive evangelism training is designed to take full advantage of this new dynamic in evangelism. Our priority is to equip members to feel comfortable and confident to help their church spread the gospel message both personally and digitally.

The Praise and Proclaim methodology is:

- **Focused:** We focus on Christ's promises and assurances in all that we do.
- **Experiential:** We provide a meaningful experience to put training into action.
- **Simplified:** We learn to master the basics.
- **Ongoing:** We implement an ongoing plan to help keep members engaged and active.

Outreach Initiative Weekend Schedule

FRIDAY

6:00 — 8:00 PM *Evangelism Training Seminar*

A seminar that focuses on how to:

- Conquer normal evangelism fears
- Be mission intentional
- Use tools to comfortably engage people
- Learn words to proclaim

SATURDAY

9:30 AM — 3:30 PM *Meaningful Application of Evangelism Training*

Session One: Training Review and Application

We provide samples of employing methodology in everyday situations and conclude with a fun speed witnessing exercise.

Session Two: Employing Digital Evangelism

Participants will learn specifically how to employ tools for digital evangelism. This includes bringing their laptops, tablets, and smart phones to walk through a real-life experience.

LUNCH

Session Three: Placing Training into Action

Participants will learn how to specifically engage, invite, and proclaim to real people in their community. This will include a meaningful experience of going out to leave behind invitations at people's doors and talk to people that God allows them to meet.

Session Four: Debriefing

Participants will be encouraged to talk about their day, what they learned, and be an encouragement to others. An ongoing training plan will be presented to keep members active and engaged.
